## **NOTICE CONCERNING PREQUALIFICATION FOR LARGE CONSTRUCTION PROJECTS**

---

**Jefferson County School District R-1** is soliciting applications from building and construction companies for inclusion in the District’s prequalified construction services provider list for large construction projects (the “Construction Pre-Qual List”).

The Construction Pre-Qual List serves as the District’s primary directory of pre-qualified companies for soliciting project bids. The District frequently issues invitations to bid and requests for proposals in the following building and construction service categories:

- |                    |                              |
|--------------------|------------------------------|
| Carpet Installer   | Paving                       |
| Civil              | Paving/Site Development      |
| Civil/Site         | Plumbing                     |
| CM/GC & General    | Restoration/Repair           |
| CMGC               | Roofing                      |
| Electrical         | Sealant                      |
| Environmental      | Site Development             |
| General Contractor | Specialty - Water/Wastewater |
| Haz Mat Contractor | Specialty Contractor         |
| Lighting Retrofit  | Survey                       |
| Materials Testing  | Other                        |
| Mechanical         |                              |

Construction companies providing services in the above categories are invited to review the information and complete the application listed on the [Facilities Planning and Construction Notices](#) website. The District determines which applicants meet the District’s requirements of a pre-qualified construction contractor. Those who meet the requirements will be added to the Construction Pre-Qualified List. The District accepts bids and proposals only from companies on the Pre-Qualified list.
